

Sustainability Goals 2022

For 2022, we have set seven sustainability goals.

We have set goals for all our focus areas; Staff & Health, Sustainable purchasing, Sustainable products, Reducing environmental impact and Our social responsibility.

STAFF & HEALTH

GOAL:

Review Sundström's intern Code of Conduct.

SUSTAINABLE PURCHASING

GOAL:

Review our routines regarding sustainability in our purchasing chain.

ENVIRONMENTAL IMPACT

GOALS:

Waste management

We shall improve our waste management by;

- reduce the amount of combustible waste by 20 %*
- increase the amount of recycled waste 20 %*.

Use of energy

We shall become more energy efficient by;

- reduce our energy consumption by 10 % per million sales (SEK)*
- increase the number of products produced by 10 % per kWh consumed*.

* compared to 2021

SUSTAINABLE PRODUCTS

GOALS:

Calculate the carbon footprint for at least two products.

Start to analyze how to reduce the environmental impact of our products.

SOCIAL RESPONSIBILITY

GOAL:

Review our Sponsorship policy.
