

## Sustainability Goals 2022

# Status Report Q3

### ENVIRONMENTAL IMPACT

**GOAL:** Reduce the amount of combustible waste by 20%\*.

**GOAL:** Reduce our energy consumption by 10% per million sales (SEK)\*.

**GOAL:** Increase the number of products produced by 10% per kWh consumed\*.

**GOAL:** Increase the amount of recycled waste 20%\*.

When following up on the goal, we have established that it has been worded incorrectly.

In 2021, we introduced sorting our waste with a clear division between combustible and soft plastics. Before formulating the goal for 2022, we did not consider that the soft plastic material weighs comparatively much less than other waste. Therefore the goal will be unrealistic to reach. The goal is therefore not relevant.

\* compared to 2021

### STAFF & HEALTH

**GOAL:** Review Sundström's intern Code of Conduct.

### SUSTAINABLE PURCHASING

**GOAL:** Review our routines regarding sustainability in our purchasing chain.

### SUSTAINABLE PRODUCTS

**GOAL:** Start to analyze how to reduce the environmental impact of our products.

**GOAL:** Calculate the carbon footprint for at least two products.

### SOCIAL RESPONSIBILITY

**GOAL:** Review our Sponsorship policy.
